For the past 32 years, The Phoenix Center has provided an exemplary level of educational services for students with autism and multiple disabilities, changing the lives of hundreds of students and their families. We would not have this success without our school community, parents and staff, and of course—our donors!

We're so excited to announce the creation of our new giving wall—*TPC's Contribution Cove*. In keeping with TPC's Fish Philosophy, our giving wall is beautiful painting of an underwater ocean scene that will be filled with various fish as a way to commemorate and memorialize the generosity of those who have helped build our school and those who continue to help realize our mission for many years to come.

Those who fall in to any of the below giving categories will have their name inscribed on a beautiful fish and added to *TPC's Contribution Cove*. This new addition is proudly displayed in the main entrance of our school.

ANNUAL FUND DONATION	GIVING LEVEL
