

PREPARING STUDENTS FOR
**LIFE BEYOND THE
CLASSROOM**

est. 1991

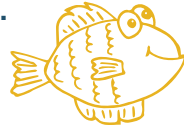

WORK-BASED LEARNING

BUILDING SKILLS AND CONNECTING Talent With Opportunity

Work-Based Learning (WBL) helps students explore a wide range of career paths and volunteer experiences while gaining real-world job skills that prepare them for life beyond the classroom.

Through strong partnerships with local businesses and organizations, The Phoenix Center creates meaningful and successful opportunities that support school-to-career transition.

INDUSTRY SUCCESS: WHERE OUR STUDENTS EXCEL

Our students have found success in integrated work settings with local businesses in our community:

Retail & Inventory Management

- Stocking
- Cashiering
- Customer service

Food Service & Hospitality

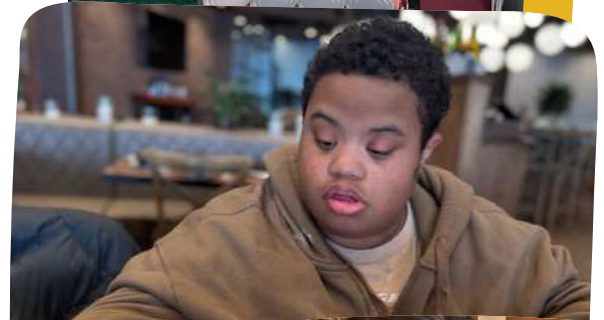

- Table cleaning
- Dishwashing
- Prep work
- Table setting

Clerical & Office Support

- Filing
- Data entry
- Document shredding

Environmental Services & Maintenance

- Laundry
- Folding
- Vacuuming
- Light maintenance

**Join
Us!**

By partnering with The Phoenix Center, you're helping students gain essential life and employment skills while supporting an inclusive workforce. Together, we prepare students for life beyond the classroom.

Why HOST a STUDENT LEARNER?

How TPC PARTNERS with YOU

We provide comprehensive, personalized support to ensure long-term skill development and a smooth transition for every student participant:

Zero-Cost Training

A dedicated Job Coach provides on-site supervision and training ensuring that your team gains valuable help without adding to staff workload.

Boost Efficiency

We collaborate with you to identify workplace tasks that align with student abilities and support your daily operations.

Covered & Supported

TPC students and staff are covered under our insurance plan, and a certificate of liability can be provided upon request.

Transportation Provided

TPC provides timely transportation to and from your place of business.

The Phoenix Center

An accredited, not-for-profit school serving students ages 5–21 with autism, multiple disabilities, and intellectual challenges. Our programs are customized, evidence-based, and anchored in a hands-on, real-life, community-based instruction model.
